## *Christmas Tree Ornaments*

Have you visited our beautiful Christmas tree displayed in the lobby? Our children here at CCC created their special ornaments for the tree for families to see. The children had the opportunity using various materials from paper to glitter to create. Each class took turns to hang up their beautiful

ornaments. As children were decorating the tree, lots of discussion were being made such as “I have a tree at home” and “Some trees are real and some are not” along with Christmas songs being sang. Do you allow children participating Christmas tree decorations at home?

## *Annual Holiday Program*

Did you know that our children and staff start preparing for our Annual Holiday Program in Mid-October? Lot of efforts and preparation are needed during this event and the children look forward to it every year. When preparing for the event the teachers shared various songs related to Christmas and some songs that they are familiar with. During this time once the songs are selected, children started practicing dance moves, vocals, or whatever is needed.

During the week of the program, the children rehearse on stage and practice in front of a crowd and are ready for the big night. This year was another success and we want to thank all the families for coming and showing love and support for all the hard work we all put into this show. We will be selling DVDs of the show and appreciate all the donations, money will go towards the Early Learning Center.
