Making Quilts for the Elderly

In May, students from CCC’s Youth Quilting Club visited Westchase Health and Rehabilitation Center to donate several handmade quilts to the seniors living there. The quilts were designed to bring comfort to the seniors and to let them know that they were cared for.

The Quilting Club is part of CCC’s After-school Youth program. Through the club, volunteers guide students through each step of the quilting process, from cutting out fabric to arranging fabric pieces in a pattern to sewing the pieces together by hand or with a sewing machine. Quilting helps students develop the patience and discipline needed to see a quilt through from start to finish, and they learn how to work cooperatively with their peers in order to make something that will bring joy to others.
In the past, the Quilting Club has also made quilts for children at Casa de Esperanza, an organization that serves children in crisis due to abuse, neglect, or the effects of human immunodeficiency virus (HIV).

Enterprise Awards Grant to CCC

On June 20, Enterprise Holdings Foundation awarded a grant of $3,500 to the Chinese Community Center (CCC). This generous donation will help CCC impact the lives of more than 20,000 people through early childhood education, after-school care, job skills training, senior services, and more.

Enterprise Holdings Foundation is sponsored by the Enterprise, Alamo, and National car rental companies, and their purpose is to give back to the communities where the customers and employees of those companies live and work. Enterprise has graciously sponsored CCC since 2012.

Joining the check presentation to celebrate were State Farm agents Sue Cheung, Winnie Hui, Sherry Lee, and Steve Yang. Each of these agents has volunteered their time to teach first-time homebuyers about the importance of homeowners insurance during CCC’s

Know Your Rights

Do you know your rights?

The United States Constitution and state law guarantee many rights, but many people do not know all of the rights they have, including those pertaining to voting or interacting with law enforcement or immigration officers.

To help educate diverse community members on their voting, immigration, and legal rights, CCC has been distributing information on rights in multiple languages, including English, Chinese, and Vietnamese. Staff has also been sharing the hotline for the Houston Immigration Legal Services Collaborative (HILSC), which provides information on current immigration laws and referrals to legal service organizations. The phone number for the HILSC hotline is 1-888-507-2970, and the hotline is available Monday–Friday, from 2:00 p.m. to 6:00 p.m.

If you have questions about your rights,
We thank Enterprise Holdings Foundation for their sponsorship, and we thank the State Farm agents for showing their support!

AREAA Builds the Community Day

Each May, the Asian Real Estate Association of America (AREAA) holds a national day of community service called AREAA Builds the Community Day, in which volunteers improve their communities through a variety of service projects.

For this year’s AREAA Builds the Community Day, CCC, Sharpstown Management District, and the AREAA Houston Chapter came together to complete much-needed repair and maintenance work on the homes of several low-income families. The volunteers provided free materials and free labor, saving the homeowners significant time and money.

CCC is proud to have partners like Sharpstown Management District and AREAA who are dedicated to

Community Fair

On May 20, CCC hosted our annual Community Fair to help raise awareness among members of the community of the local goods, services, and resources available to them. Hundreds of people came out to meet with representatives from businesses, nonprofits, and government entities and learn about the ways in which they serve the Southwest Houston community.

Throughout the evening, attendees were regaled by moving performances from members of CCC’s Adult Day Program, who sang beautiful songs in Chinese and performed mesmerizing ruyi dances.

CCC wishes to thank all of the vendors, performers, and guests who made the Community Fair an evening to remember!
